Quality Policy

Through the considered and efficient allocation of resources Titan Demolition Limited are pledged to recruiting and providing full time and temporary staff to the construction sectors.

We strive to provide an organised, professional and quality assured service which complies with legal, statutory and customer requirements and all applicable industry standards.

In a competitive environment, we acknowledge that we must do more than just satisfy the customer by striving for a consistently high standard which highlights to our customers that we are reliable, trustworthy and conscientious.

We shall establish clearly understandable and measurable quality objectives that comply with this policy and communicate these to all staff and ensure that they are monitored and systematic reviewed on a periodic basis by management.

We are pledged to continually improving the effectiveness of the Titan Demolition Ltd's Management System.

Measures shall be adopted to ensure that this quality policy is communicated and understood within the organisation.

Senior Management will review this policy periodically to ensure its continued appropriateness to the organisation as part of the annual Management Review process.

Signed on behalf of Titan Demolition Ltd.
